2021 PRE-ORDER CATALOG

Greetings Gourmet and Specialty Cheese Buyers,

Looking ahead to the 4th quarter of 2021, we are once again happy to present Fortune's Holiday Catalog.

In the absence of our live food show for another year, we have expanded our holiday catalog to include more vendors and a more diverse range of distinct gourmet and specialty products. We hope you think this product offering will add "wow" to your displays as we look ahead to November and December celebrations. Without a doubt we foresee shoppers planning for long anticipated and grander gatherings this season.

Orders must be submitted to your salesperson via electronic fill-in PDF or physical copy by August 27th, 2021.

We are looking forward to a successful and robust holiday season this year. As always, thank you for your business!

**Submitting by PDF:**

Download the PDF and open using Adobe Reader. Fill out the boxes on the right hand side that correspond with the two delivery dates. When complete, save a copy of the PDF and email it back to your sales rep with any notes about the requested products.

\*All prices are subject to change without notice.\*
