DESERT SPRINGS BARRAMUNDI

Desert Springs Barramundi are grown in the purest waters from the ancient Colorado river fed aquifer. These Barramundi begin their life in Melbourne, Australia from the finest brood-stock and are then raised in the USA.

This delicious Barramundi, with firm, white succulent flesh, is the result of passionately combining all natural ingredients, gentle fish handling practices, and a deep understanding of Barramundi.

High in Omega 3's with half the calories of Salmon. High in antioxidants.

The purest waters mean a consistently high quality product.

Premium feed, no antibiotics, hormones, additives or colourants.

White, clean tasting flesh that works with a wide variety of flavours.
